Professional Summary

Computer Science and Engineering graduate (2026) with hands-on experience building full-stack applications using React, Java, and SQL. Developed database-backed projects with authentication, role-based workflows, and deployment. Seeking a Software Engineer Intern role to apply programming, problem-solving, and application development skills.

Technical Skills

Programming Languages: Java, SQL
Frontend: HTML, CSS, Tailwind CSS
Backend: JSP, JSTL, JDBC
Databases: MySQL, TiDB Cloud
Tools and Platforms: Git, GitHub
Other: Machine Learning, AI Tools, Codex, Claude Code, Rest API

Projects

Gruhu – E-Commerce Platform and AI Interior Stylist RENDER

- Built a full-stack interior design and e-commerce platform with customer and administrator workflows for managing products, rooms, and orders.
- Integrated the Gemini API to analyze room images and generate AI-powered interior styling recommendations linked to platform products.
- Developed backend features using Java, Jakarta Servlets, JSP, JSTL, JDBC, and MVC with service and DAO layers.
- Used TiDB Cloud for data storage and deployed the application with Apache Tomcat, Maven, Docker, and Render.

Technologies: Core Java, Jakarta Servlets, JSP, JSTL, JDBC, SQL, TiDB Cloud, Gemini API, Docker

TOLET – Property Rental Platform VERCEL

- Developed a rental platform with customer, property-owner, and administrator workflows for property discovery and listing management.
- Implemented property search, favourites, enquiries, media uploads, availability management, and property details.
- Built booking availability validation to prevent conflicting reservations.
- Implemented Supabase Auth and PostgreSQL Row Level Security to protect user and property data; deployed the application on Vercel.

Technologies: React, Next.js, TypeScript, Tailwind CSS, PostgreSQL, Supabase, SQL

Experience

Full-Stack Development Training / Internship Program **Tap Academy | 2026**

- Applied Java, SQL, HTML, and CSS in hands-on application development and project-based training.
- Practiced object-oriented programming, database connectivity, CRUD operations, debugging, version control, and writing maintainable code.

Education

B.Tech in Computer Science and Engineering **2022 – 2026**
Kalasalingam Academy of Research and Education, Tamil Nadu CGPA: 7.51/10
Intermediate (Class XII): Sasi Junior College 778/1000 (77.8%)
Class X: Vignan Cotton School 533/600 (88.83%)
